Integrated Reporting & Scope

This is the second Integrated Annual Report of JSW Energy Limited. We have prepared the <IR> with reference to the International Integrated Reporting Council's (IIRC) International Integrated Reporting Framework. We understand that the <IR> framework provides a useful basis for disclosing how we create sustainable value for our stakeholders.

This Report is our value creation story. We aim to present a holistic review of how we performed in fiscal 2020 and our roadmap for the future. We place emphasis on what matters most to our stakeholders and our business, and explain how we identify and address material issues through our Materiality Report. To provide business context, we outline our strategic pillars and explain how they influence our business presence and business segments. With a well-

defined business model, we illustrate how we create long-term value for our stakeholders while recording consistent organisational growth.
