Subject: Carbon Disclosure Project - Rating upgrade

Dear Sirs,

We wish to inform you that the Company’s Carbon Disclosure Project (CDP) Rating has been upgraded to B (*Management Level*) in 2020 from C (*Awareness Level*) in 2019. This is the highest rating achieved by any Power producer in India.

With its stated and demonstrated focus on Renewable Energy, the Company, across all its locations, is / has committed to embed sustainability in its operations which has contributed positively to the present CDP score. It would be worthwhile to note that in this category of Thermal power generation under Electric Utilities, the average performance in Asia is D (*Disclosure level*) and the Global average is C (*Awareness Level*).

Carbon Disclosure Project is a UK-based Organization that helps companies and cities to disclose their environmental impacts by capturing and evaluating the environmental data and thereby assigning a rating.

The above is for your information and record.

Yours faithfully,

For **JSW Energy Limited**

Monica Chopra
Company Secretary and Compliance Officer

Part of O. P. Jindal Group
