Sub: Letter of Award from Solar Energy Corporation of India Limited for setting up of 6.5 KTPA green hydrogen production facility

Dear Sir / Madam,

This is to inform you that JSW Neo Energy Limited, a wholly owned subsidiary of the Company, has received the Letter of Award for setting up of 6.5 KTPA green hydrogen production facility in the auction conducted by Solar Energy Corporation of India Limited (SECI) under the Strategic Interventions for Green Hydrogen Transition (SIGHT) Scheme.

The Press Release in this regard is attached.

This is for your information and record.

Yours faithfully,

For **JSW Energy Limited**

Monica Chopra
Company Secretary & Compliance Officer

JSW Energy Secures Green Hydrogen Production Capacity under SIGHT Scheme

Mumbai, India – February 3, 2024 – JSW Neo Energy Limited, a wholly owned subsidiary of JSW Energy Limited (or ‘the Company’), has secured capacity allocation of 6.5 KTPA for setting up of green hydrogen production facility in the first-ever auction conducted by Solar Energy Corporation of India (or ‘SECI’) under the Strategic Interventions for Green Hydrogen Transition (or ‘SIGHT’) scheme.

The company has received Letter of Award (or ‘LoA’) from SECI and the capacity is to be commissioned within 36 months from the date of LoA. This will entail incentive for a period of three years from commissioning to the tune of ₹67.6 Crores.

This aligns with the company’s sustainability goals and contributes to India’s net-zero ambitions.

The win strengthens JSW’s position as a pioneer and provides an early mover advantage in green hydrogen space. Our deep understanding of the Indian energy landscape, coupled with our robust financial strength and commitment to technological advancements, positions us to become a key player in India’s growing green hydrogen market.

The Company has set a target to reach 20 GW generation capacity and 40 GWh of energy storage capacity by 2030. With a total capacity of 9.8 GW (including under-construction) the company is well placed to achieve its near-term target of 10 GW by 2025. In addition, the Company has currently locked in 3.4 GWh of energy storage capacity by means of battery energy storage system and hydro pumped storage project. JSW Energy has set an ambitious target for 50% reduction in carbon footprint by 2030 and achieving Carbon Neutrality by 2050.

ABOUT JSW ENERGY: JSW Energy Ltd is one of the leading Private sector power producers in India and part of the USD 23 billion JSW Group which has significant presence in sectors such as steel, energy, infrastructure, cement, sports among others. JSW Energy Ltd has established its presence across the value chains of power sector with diversified assets in power generation, and transmission. With strong operations, robust corporate governance and prudent capital allocation strategies, JSW Energy continues to deliver sustainable growth, and create value for all stakeholders. JSW Energy began commercial operations in 2000, with the commissioning of its first 2x130 MW thermal power plants at Vijayanagar, Karnataka. Since then, the company has steadily enhanced its power generation capacity from 260 MW to 7,189 MW having a portfolio of Thermal 3,508 MW, Wind 1,615 MW, Hydel 1,391 MW and Solar 675 MW ensuring diversity in geographic presence, fuel sources and power off-take arrangements. The Company is presently constructing various power projects to the tune of 2.6 GW, with a vision to achieve a total power generation capacity of 20 GW by the year 2030.

Forward Looking and Cautionary Statements:

Certain statements in this release concerning our future growth prospects are forward looking statements, which involve a number of risks, and uncertainties that could cause actual results to differ materially from those in such forward looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, intense competition within Power Industry including those factors which may affect our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our internal operations, reduced demand for Power, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which JSW Energy has made strategic investments, withdrawal of fiscal governmental incentives, political instability, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our industry. The company does not undertake to update any forward looking statements that may be made from time to time by or on behalf of the company.
