Compliance Reporting Details

Reporting Year

2023

Reporting Period

01 Jun(01 Oct - 31 Mar)

Remark(if any)**Details of Production and Project Area****Date of Commencement of Project/Activity**

21-10-2011

	Project Area as per EC Granted	Actual Project Area in Possession
Private	0	0
Revenue Land	0	0
Forest	0	0
Others	350	350
Total	350	350

PRODUCTION CAPACITY

Sr.No.	Name of the Product	Units	As per EC Granted	As per CTO Granted	CTO ID	Valid Up To	Production during last financial year
1	Power	MW	1200	1200	0000143283/CR/2212001920	31-08-2023	1200

Conditions**Specific Conditions**

Sr.No.	Condition Type	Condition Details	Status of Compliance,Remarks/Reason and Supporting Documents	
1	Marine/Coastal	No Activities in CRZ Area will be taken up without requisite clearance under the provisions of the CRZ Notification, 1991.	PPs Submission	Complied. Sea water intake pump house (on shore based) construction work completed in accordance with conditions prescribed in CRZ Clearance

				granted vide MOEF letter No.11-18/2007-IA-III dated 15.11.07 for seawater intake and outfall. No more activities taken up in CRZ area thereafter Complied Attachment: NA
2	PUBLIC HEARING	The detailed study regarding the impact of the project if any, on Alphanso mango, and marine fisheries as recommended in the report of Dr. B. S. Konkan Krishi Vidyapeeth (KKVD) shall be undertaken. Based on the same, additional safeguard measures as may be required will be taken by the proponent with prior approval of the Ministry of Environment and Forests. A copy of the report will be submitted to the Ministry. The cost towards undertaking the study and implementation of safeguard measures, if any, will be borne by the project.	PPs Submission	Complied. JSW had entered into MOU with KKVD to conduct impact studies on Mango, Cashew and Marine Life on Aug 1, 2007. The copy of the comparative report submitted by KKVD on 13/02/2017 indicating no impact of the project on Mango and cashew plantation is submitted to Ministry on 02nd March 2017 Complied Attachment: NA
3	Statutory compliance	Coal with ash content not exceeding 12 % sulphur content not exceeding 0.6 % shall be used.	PPs Submission	EC is amended on 10th July 2017 for use of blended coal with ash content 25% and sulphur content 0.6%. Complied Attachment: NA

4	AIR QUALITY MONITORING AND PRESERVATION	Two bi-flue stacks of 220 m height each with exit velocity of at least 21m/s shall be provided with continuous online monitoring system.	PPs Submission	Complied. Stack no1 is in operation, two flues are connected to Unit 1 & 2 The continuous emission monitoring system (CEMS) is provided. Stack no 2 is in operation, two flues are connected to unit Complied Attachment: NA
5	AIR QUALITY MONITORING AND PRESERVATION	High efficiency Electrostatic precipitator (ESPs) having efficiency of 99.9% shall be installed so as to ensure that particulate emissions do not exceed 100 mg/Nm ³ .	PPs Submission	Complied. All four units are provided with high collection efficiency ESPs and Flue Gas Conditioning system to meet the emission level of less than 50 mg/Nm ³ as per state pollution control board (MPCB) consent conditions. A copy of report of stack monitoring carried out by MoEF recognized laboratory is enclosed Complied Attachment: NA
6	Statutory compliance	Adequate protection measures shall be taken to protect the Jaigad fort, a notified Archaeological site, from the adverse impact of the power plant, if any, in consultation with	PPs Submission	Complied. ASI has been approached for guidance on additional protection measures. As

		Archaeological Survey of India (ASI).		per the directions of ASI, a specific report (prepared by NEERI) has been submitted on 22/6/2010. Complied Attachment: NA
7	Statutory compliance	Continuous monitoring of ambient air quality & marine/estuarine environment, plant health parameters & fisheries shall be carried out regularly for the entire life of the power plant & data submitted to the Regional Office of the Ministry & the concerned department in the state government. The data shall be evaluated periodically by a third party viz. College of fisheries (CoF), Konkan Krishi Vidyapeeth (KKV, Dapoli)	PPs Submission	Complied. All three continuous ambient air quality monitoring stations are in operations Monitoring of plant health parameters & fisheries are being carried out by Konkan Krishi Vidyapeeth, Dapoli on regular intervals. Complied Attachment: NA
8	AIR QUALITY MONITORING AND PRESERVATION	Regular monitoring of ground level concentration of SO ₂ , NO _x , PM 2.5 and PM 10 shall be carried out in the impact zone and records maintained. If at any stage these levels are found to exceed the prescribed limits, necessary control measures shall be provided immediately. The location of the monitoring stations and frequency of monitoring shall be decided in consultation with SPCB. Periodic reports shall be submitted to the Regional Office of this Ministry. The data shall also be put on the website of the company	PPs Submission	Complied. The monitoring data is being up loaded regularly on the JSW web site Complied Attachment: NA

9	AIR QUALITY MONITORING AND PRESERVATION	The company shall strictly follow the schedule for commissioning of FGD i.e 23 months for the first unit from the date of the letter of intent dated 21st June, 2010 followed by interval of three months for the units ? 2,3 & 4; till 32 months	PPs Submission	Complied. All 4 FGD units are commissioned in stipulated time frame. All 4 units are in operation Dates of FGD commissioning are as follows, ? Unit 1 FGD - 22 Feb 2013 ? Unit 2 FGD - 14 Oct 2012 ? Unit 3 FGD - 20 Dec 2012 ? Unit 4 FGD - 12 Jan 2013 Complied Attachment: NA
10	AIR QUALITY MONITORING AND PRESERVATION	The company shall deposit 10 % of the FGD cost which is Rs 527 Cr. as mentioned vide your letter dated 21st June, 2010 as bank guarantee.	PPs Submission	Compiled. A bank guarantee of Rs 52.7 Cr with validity June 2013 was submitted to Regional Officer, Kolhapur, and MPCB on 1st July 2010. Complied Attachment: NA
11	AIR QUALITY MONITORING AND PRESERVATION	M/s JSWERL shall reduce the power generation and/or change to a fuel with low sulphur content or close the power plant , if so required in case the SO2 levels exceed the prescribed standards till the installation of FGD.	PPs Submission	All four units are connected with FGD system Agreed to Comply Attachment: NA
12	MINING PLAN	Domestic coal will be sourced from Eastern Coal Fields (ECL) Ltd with indicative coal characteristics of GCV > 5,000 Kcal/Kg, Ash content: 22-30%, Moisture Content: 6-10%, Sulphur: 0.4-0.6% and from Mahanadi Coal	PPs Submission	Will be complied with. Agreed to Comply Attachment: NA

		Fields (MCL/Talcher Coal Fields) with indicative coal characteristics of GCV >4000 kcal/kg, Ash content: 34%, Moisture Content: 7-12%, Sulphur: 0.4-0.5%		
13	MINING PLAN	Coal from ECL will be transported by rail (from Sonepur Bazari siding/ Bankola siding/ Jhanjra siding/ Kajora siding (Jampad OCP) up to Paradeep/ Dhamra port and therefore sea route to Jaigad.	PPs Submission	Will be complied with. Agreed to Comply Attachment: NA
14	MINING PLAN	Total coal requirement shall not exceed 5 Million Ton per Annum. Ash and sulphur content in the blended coal (Domestic 50% and Imported 50%) shall be less than 25% and 0.6% respectively.	PPs Submission	Being complied with. Being Complied Attachment: NA

General Conditions

Sr.No.	Condition Heading	Condition Details	Status of Compliance,Remarks/Reason and Supporting Documents	
1	MISCELLANEOUS	Space provision shall be made for installation of FGD of requisite efficiency of removal of SO ₂ , if required at later stage.	PPs Submission	Complied. All 4 units FGD are commissioned as per amended EC dtd.16th April 2010 & all are in operation. Complied Attachment: NA
2	Marine/Coastal	Cooling water blowdown will be discharged from the cold water side and not from the hot water side	PPs Submission	Complied. The common blowdown water from four units is being discharged from the cold end of the closed-loop cooling towers.

				Complied Attachment: NA
3	MISCELLANEOUS	Rain water harvesting should be adopted. Central Ground Water Authority/Board shall be consulted for finalization of appropriate rainwater harvesting technology within a period of three months from the date of clearance.	PPs Submission	Complied. CGWB was consulted within three months for rainwater harvesting technology. A rainwater storage structure (capacity: 40,000 m3) has been constructed near the project site. 176 water harvesting structures have been developed in 241 Ha in nearby villages Complied Attachment: NA
4	WASTE MANAGEMENT	Fly ash shall be collected in dry form and its 100% utilization shall be ensured from the day of the commissioning of the plant. In case of emergency, fly ash may be disposed in the ash pond through HCSD system. Borrow earth shall not be taken from ash pond area for construction of ash dyke etc	PPs Submission	Complied. Ash utilization has been started since commissioning. Accordingly, MOUs signed with Ultra Tech, Ratnagiri, Prism Johnson and other major players of fly ash for 100% fly ash utilization. Partly, the ash is also being utilized for brick making by nearby entrepreneurs Complied Attachment: NA

5	WATER QUALITY MONITORING AND PRESERVATION	Regular monitoring of groundwater quality including heavy metals shall be undertaken around ash dyke and the project area to ascertain the change, if any, in the water quality due to leaching of contaminants from ash disposal area	PPs Submission	Complied. Monitoring is done by MoEF recognized laboratory on quarterly basis Complied Attachment: Click to View
6	Noise Monitoring & Prevention	Noise level shall be limited to 75 dB A. For people working in the high noise area, protective devices such as earplugs etc. shall be provided	PPs Submission	Complied. Personal protection equipment is provided to people working in noise area. And usage of the same is being ensured. Monitoring of noise level measurement in nearby village areas is done by MoEF recognized laboratory on monthly basis Complied Attachment: Click to View
7	GREENBELT	A greenbelt shall be developed all around the plant boundary and ash dyke covering an area of 120 ha.	PPs Submission	Complied. Complied Attachment: Click to View
8	AIR QUALITY MONITORING AND PRESERVATION	Regular monitoring of the air quality shall be carried out in and around the power plant and records shall be maintained. Six monthly reports shall be submitted to this Ministry.	PPs Submission	Complied. Ambient Air Quality is monitored by MoEF recognized laboratory at three locations as per NAAQ norms. Additionally, three continuous Ambient Air Quality monitoring

				stations installed. Complied Attachment: Click to View
9	AIR QUALITY MONITORING AND PRESERVATION	For controlling fugitive dust, regular sprinkling of water in vulnerable areas of the plant shall be ensured	PPs Submission	Complied. Dust extraction system is provided at strategic locations Cement roads are made within the plant area. Water sprinkling arrangement is made in ash pond area to avoid fugitive dust emission. Moreover, regular sprinkling of water is being carried out with the help of mobile water tankers in vulnerable areas to suppress the dust. Complied Attachment: NA
10	PUBLIC HEARING	The project proponent should advertise at least in two local newspapers widely circulated in the region around the project, one of which should be in the vernacular language of the locality concerned, informing that the project has been accorded environmental clearance and copies of clearance letters are available with the state Pollution Control Board/Committee and may also be seen in the Website of the Ministry of Environment and	PPs Submission	Complied. Published in widely circulated local Marathi newspapers, Tarun Bharat and Dainik Pudhari on 30/5/2007 and Indian Express, (English) Mumbai edition on 2/6/2007. Copies of the same have been furnished to the regulatory authorities.

		Forests in the http://enfor.nic.in .		Complied Attachment: NA
11	Corporate Environmental Responsibility	A separate environment monitoring cell with suitable qualified staff should be set up for implementation of the stipulated environmental safeguards.	PPs Submission	Complied. A dedicated Environment Monitoring cell, with qualified staff, is operational. The implementation of the conditions is being monitored by the Cell. Complied Attachment: NA
12	Corporate Environmental Responsibility	Half yearly report on the status of implementation of the conditions and environmental safeguards should be submitted stipulated to this Ministry, the Regional Office, CPCB and SPCB.	PPs Submission	Complied. The reports are being submitted regularly to all concerned Complied Attachment: NA
13	Statutory compliance	Regional Office of the Ministry of Environment & Forests located at Bhopal will monitor the implementation of the stipulated conditions. A complete set of documents including Environmental Impact Assessment Report and Management Plan should be forwarded to the Regional Office for their use during monitoring	PPs Submission	Complied. The documents have been forwarded on 23-10-07 vide letter no .JSW-MOEF-RO1 /1061/ 07-08 to RO, Bhopal Complied Attachment: NA
14	Corporate Environmental Responsibility	Separate funds should be allocated for implementation of environmental protection measures along with item-wise break-up. These cost should be included as part of the project cost. The funds	PPs Submission	Complied. About Rs. 978.18 Cr. spent towards environmental protection measures the details are as

		earmarked for the environment protection measures should not be diverted for other purposes and year-wise expenditure should be reported to the Ministry.		<p>follows, ESP 190.08 Cr Chimney 129.03 Cr FGD 393.97 Cr Ash Handling System 127.29 Cr Cooling Towers 121.81 Cr HCSD 16.0 Cr Total 978 Cr</p> <p>The cost of Environment Management in FY 2022-2023 is as follows 1. Environmental monitoring cost ? 70 lakhs 2. Environmental Awareness ? 2 lakhs 3. Environment Day celebration in company and schools ? 2 lakhs 4. Green belt development ? 45 lakhs 5. Maintenance of Pollution Control Equipment - 80 lakhs</p> <p>Complied Attachment: NA</p>
15	Corporate Environmental Responsibility	Full cooperation should be extended to the Scientists/Officers from the Ministry and its Regional Office at Bhopal /The CPCB/The SPCB during monitoring of the project.	PPs Submission	Being complied with Being Complied Attachment: NA
16	WASTE MANAGEMENT	It shall be ensuring that no spillage of seawater on the land from the pipelines of intake & outfall takes place. RCC lined channels along the pipelines shall be provided to avoid any possible contamination of land with sea water	PPs Submission	Complied. Cement mortar / Coro coat lining is provided inside of all the sea water pipelines. Moreover guniting is done externally

				Complied Attachment: NA
17	GREENBELT	Dense plantation of density not less than 2500 trees/shrubs per ha (and survival rate not less than 70 %) including plantations of Alphanso mango and cashew interspersed with native plant species, shall be raised within and outside the study area to act as buffer. Also plantation of coconut and casurina all along the coast line shall be provided to serve as shelter belt. Sufficient funds earmarked for the same and schedule of implementation shall be submitted within six months to the Ministry,	PPs Submission	Being complied Complied Attachment: NA
18	WASTE MANAGEMENT	Ash dyke for the pond ash shall be lined with impermeable membrane all along the sides and the bottom. A 50 m wide green belt of native species shall be raised all along the Ash Dyke	PPs Submission	Complied Complied Attachment: NA
19	WATER QUALITY MONITORING AND PRESERVATION	Hydro-geological study of the area shall be reviewed annually and results submitted to the Ministry and concerned agency in the State Govt. In case adverse impact on groundwater quantity and quality is observed, immediate mitigating steps to contain any adverse impact on groundwater shall be undertaken.	PPs Submission	Complied. The hydrology of the study area is carried out by third party and the same is being reviewed annually, Complied Attachment: Click to View
20	WASTE MANAGEMENT	Mercury and other heavy metals (As, Hg, Cr, Pb etc.) shall be monitored in the bottom ash as also in the effluents emanating from the existing ash pond. No	PPs Submission	Complied. There is no effluent from ash dyke as dry ash handling and HCSD systems is provided.

		ash shall be disposed of in low lying area		Complied Attachment: Click to View
21	Human Health Environment	As part of CSR program the company shall conduct need based assessment for the nearby villages to study economic measures with action plan which Can help in up-liftment of poor section of society. Income generating projects consistent with the traditional skills of the people besides development of fodder farm, fruit bearing orchards, vocational training etc., can form a part of such program. Company shall provide separate budget for community development activities and income generating programs. This will be in addition to vocational training for individuals imparted to take up self-employment and jobs.	PPs Submission	As a part of CSR initiative company is progressive is following areas 1. Up-liftment of local farmers- JSW had supported for livestock development project. (Gi cow project) 39 Gir cow purchased by farmers from Dhule & Gujrat. Till date total gir cows is 81. 2. Farmers training on organic farming, bush pepper & medicinal plantation training -134 farmers. 3. VTC: BPO girls/women batch-67 4. Support to Biogas & vermi compost construction, till date 45 biogas & 27 vermi compost units functional. Complied Attachment: NA
22	Human Health Environment	Provision shall be made for the housing of construction labour within the site will all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc.,	PPs Submission	Complied. Five nos. of biogas plant are installed in labour colony. This has eliminated the use of jungle wood for cooking.

		The housing may be in the form of temporary structures to be removed after the completion of the project		Necessary facilities like safe drinking water, medical health care etc. are provided. Complied Attachment: NA
23	MISCELLANEOUS	The proponent shall upload the status of compliance of the conditions stipulated in the environmental clearance, including results of the continuously monitored data on their website and shall update the Same periodically. It shall simultaneously be sent to the Regional Office of MOEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely RSPM (PM 2.5 & PM 10) SO ₂ , NO _x , (ambient levels as well as stack emissions) shall be displayed at a convenient location near the main gate of the company in the public domain.	PPs Submission	Complied. A digital display board is installed near main gate of the company Complied Attachment: NA
24	MISCELLANEOUS	The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well by e- mail) to the respective Regional Office of MOEF, the respective Zonal Office of CPCB and the SPCB.	PPs Submission	Complied. Complied Attachment: NA
25	MISCELLANEOUS	The environment statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the	PPs Submission	Complied. The Environment statement is being submitted via online mode through MPCB

		concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of the Ministry by e-mail.		web portal Complied Attachment: NA
26	MISCELLANEOUS	The project proponent shall submit six monthly reports on the status of the implementation of the stipulated environmental safeguards to the Ministry of Environment & Forest, its regional office, Central Pollution Control Board and State Pollution Control Board. The project proponent shall upload the status of compliance of the Environmental clearance conditions on their website and update the same periodically & simultaneously send the same by email to the Regional office, Ministry of Environment & Forests.	PPs Submission	Complied. The reports are submitted regularly to all concerned. Complied Attachment: NA
27	AIR QUALITY MONITORING AND PRESERVATION	M/s JSWERL shall provide adequate funds for installation and operation of requisite numbers of SO2 sensors in various locations as may be specified by the Supervisory Committee constituted for the this purpose.	PPs Submission	Complied. three continuous ambient air quality monitoring stations are installed Moreover, offline monitoring by MoEF recognized laboratory is being carried out as per NAAQ standards

				Complied Attachment: NA
28	AIR QUALITY MONITORING AND PRESERVATION	M/s JSWERL will undertake precautionary or remedial measures as may be required in this regard by this Supervisory Committee from time to time till the commissioning of FGD, including prescription of SOx standards or levels.	PPs Submission	complied Complied Attachment: NA
29	AIR QUALITY MONITORING AND PRESERVATION	If at any point of time adverse impacts on Mango orchards are noticed. / established, the plant shall be shut down.	PPs Submission	Shall be complied with Agreed to Comply Attachment: NA
30	MISCELLANEOUS	M/s JSWERL shall comply with all other conditions stipulated vide Ministry's letter of even no. dated 17th May 2009 and dated 16th April 2010.	PPs Submission	Being complied with Being Complied Attachment: NA
31	MISCELLANEOUS	Extraction of Cenospheres from fly ash is to be explored	PPs Submission	Will be complied with Complied Attachment: NA
32	WATER QUALITY MONITORING AND PRESERVATION	In case of STPs are located within 50 km distance from the proposed project then the treated water from STPs shall be used in the plant	PPs Submission	No any STP is located within 50 km distance of the TPP. Agreed to Comply Attachment: NA
33	GREENBELT	Plantation should be raised at the rate of 2500 saplings per hectare. The tree species should be of local variety having hardened and broad leaves types. Plantation should be preferred by using 2-year-old seedlings than new	PPs Submission	Being complied with. Being Complied Attachment: NA

		seedlings for better survival of plantation.		
34	Human Health Environment	The preventive health programme be preferred than the curative health programme such as nutrition development of kids, of the girl child be taken up in the area to minimise the health problems among the local people as a part of CSR initiative.	PPs Submission	Complied. The Primary health centre "URJA" is in place. Village health check-up programmes are conducted at various location of Village. 1. Supported to 4 Covid centres at nandiwade, Jaigad, JSW Chaferi and Watad. 2. Eye check-up camp at schools-525 students. 3. URJA PHC benefited patients-7242 Complied Attachment: NA
35	Corporate Environmental Responsibility	Modern means of agriculture be introduced in and around the project area as a part of CSR activities, Mixed type of irrigation, i.e. flood irrigation/ micro irrigation to be taken up in the area using organic farming as a part of a long livelihood training programme	PPs Submission	Complied, new organic rice cultivation technique "SRT" is being promoted in the nearby villages. Moreover, major activities carried out in reporting period are 1) Organic farming training- 35 farmers 2) Drip irrigation provided to Eight framers area covered 2 Hac. 3) Formed one Organic FPO and covered near about 100 farmers Complied Attachment: NA

36	Human Health Environment	As a part of CSR, water supply provisions shall be made for all the bio toilets under Swachh Bharat Abhiyan.	PPs Submission	Complied, more than 550 toilets are constructed by company under Swachh Bharat Mission. Three community toilets are constructed. All toilers have water supply provision. Complied Attachment: NA
37	WATER QUALITY MONITORING AND PRESERVATION	Groundwater levels at the plant site and in the surrounding villages shall be monitored once in the six months. (pre and post monsoon).	PPs Submission	Being complied with. The ground water quality along with water levels around plant area is monitored twice a year. Reports of the same is attached Complied Attachment: Click to View
38	MISCELLANEOUS	As a part of revised tariff policy notified by Ministry of Power vide dated 28.01.2016 project proponent shall explore the use of treated sewage water from Sewage Treatment Plant of Municipality/local bodies/ similar organisations located within 50 km radius of the proposed power project.	PPs Submission	No any STP located within 50 km distance of the TPP Agreed to Comply Attachment: Click to View
39	Corporate Environmental Responsibility	Compliance to EC condition, E(P) Act, 1986, Rules and MoEF & CC Notifications issued time to time shall be achieved by qualified environment officer to be nominated by the Project Head of	PPs Submission	Complied. A dedicated Environment Monitoring cell, with qualified staff, is operational. The

		the company who shall be responsible for implementation and necessary compliance.		implementation of the conditions is being monitored by the Cell. Complied Attachment: Click to View
40	WATER QUALITY MONITORING AND PRESERVATION	MoEF & CC Notification S.O. 3305(E) dated 07.12.2015 shall be implemented with respect to specific water consumption, zero liquid discharge and revised emission standards.	PPs Submission	Being complied with. Being Complied Attachment: Click to View
41	MISCELLANEOUS	MoEF & CC Notification G.S.R 02(E) dated 02.01.2014 regarding use of raw or blended or beneficiated or washed coal with ash content not exceeding 34% shall be complied with as applicable	PPs Submission	Being complied with. Being Complied Attachment: Click to View
42	MISCELLANEOUS	MoEF & CC Notification on fly ash utilization S.O 763 (E) dated 14.09.1999, S.O 979 (E) dated 27.08.2003, S.O 2804 (E) dated 03.01.2009, S.O 254 (E) dated 25.01.2016 and subsequent amendments shall be complied with	PPs Submission	Being complied with. Being Complied Attachment: Click to View
43	MISCELLANEOUS	All the other conditions stipulated in the Ministry's letters dated 17.05.2007, 16.04.2010, 28.06.2010 and 09.07.2012 remain same as applicable	PPs Submission	Being complied with. Being Complied Attachment: Click to View
