

Environment Policy

JSW Steel recognizes protecting and nurturing the environment as one of its primary responsibilities in its area of operations.

We will strive to become a role model for the Steel Industry by going beyond compliance through:-

- Integrating risks and opportunities relating to the environment in business strategies and decisions.
- Continuous evaluation of environmental impact and adoption of appropriate practices and technologies to mitigate adverse effects.
- Efficient utilization of natural resources in our areas of operations and minimize wastes
- Developing new grades of steel with lower life cycle impact on the environment.
- Effective implementation of Environmental Management System to attain Zero liquid discharge and reduce overall carbon footprint
- Engaging our workforce, suppliers and community to create an Eco Friendly society and to build awareness on the subject
- Taking Lead on Environmental conservation initiatives and preservation of bio-diversity around areas of our operation.
