If prior to the auction or subsequent to the auction, presence of minor mineral(s) is established or discovered, such minor minerals may be dealt as per the provisions of the Minor Mineral Concession Rules, by whatever name called, framed by the concerned State Government under section 15 of the Act.

7. **PAYMENTS**

7.1. **Payment of bid amount**

7.1.1 The Successful Bidder shall make monthly payments on the basis of the Final Price Offer (the "Monthly Payment"). The Monthly Payment shall be computed on the basis of the Value of Mineral Dispatched.

7.1.2 The Successful Bidder shall make annual payments on the basis of the Final Price Offer for the value of the shortfall quantity (the "Annual Payment"). In the event that the actual annual dispatch is lower than the Minimum Annual Dispatch Requirement in a financial year (financial year means from 1st April to 31st March), the value of the resultant shortfall quantity shall be calculated considering the following:
(a) **Treatment of shortfall quantity:** the shortfall quantity shall be considered in the same ratio of lumps and fines, as the ratio arrived at based on the quantities of lumps and fines actually dispatched in the financial year. This ratio shall be applied to the shortfall quantity to estimate the shortfall quantity of lumps and shortfall quantity of fines;

(b) **Grade of ore for shortfall quantity:** the grade to be considered for the shortfall quantity of lumps and shortfall quantity of fines will be the respective, weighted average grade of ore for lumps and fines, which further will be based on the quantities and corresponding grades of lumps and fines actually dispatched in the financial year; and

(c) **Price to be applied /or shortfall quantity:** the average of the monthly Average Sales Price (Karnataka State) published by IBM for the grade arrived at (b) above by lumps and fines for the financial year shall be considered for the purpose of calculation of payment related to Minimum Annual Dispatch Requirement.

Provided in case of no production during a financial year, lumps: fines ratio, as per dispatches in the preceding year will be considered for treatment of shortfall quantity by lumps and fines, in such financial year. The weighted average grade of ore taken separately for lumps and fines in the preceding year’s dispatches will be respectively considered for the shortfall quantity of lumps and shortfall quantity of fines for the financial year with no production. However, price to be applied for the shortfall quantity shall be based on average of the monthly Average Sales Price (Karnataka State) published by IBM for the concerned grade for the financial year with no production for the purpose of calculation of payment related to Minimum Annual Dispatch Requirement.

Provided further in case of no production after the grant of mining lease, average grade in the geological report shall be considered with lumps to fines ratio at 50:50. Further, the price to be applied for the shortfall quantity shall be based on average of the monthly Average Sales Price (Karnataka State) published by IBM for the concerned grade for the financial year with no production for the purpose of calculation of payment related to Minimum Annual Dispatch Requirement.

7.1.3 The Upfront Payment paid by the Successful Bidder (including **Upfront Payment paid as the Preferred Bidder**) shall be adjusted in full against the amount payable in accordance with the percent of **Value of Mineral Dispatched quoted as the final Price Offer within the first five years of commencement of production of mineral(s).** This adjustment of Upfront Payment shall be done each year in proportion of production stated in Mining Plan for that year to the aggregate of the production stated in the Mining Plan for first five years. Any unadjusted portion of the Upfront Payment remaining at the end of fourth year shall be adjusted in full in the fifth year. It is expressly clarified that the Upfront Payment paid by Preferred Bidder / the Successful Bidder shall not be adjusted against the amount payable pursuant to Annual Payment.

7.1.5 All payments required to be made by the Successful Bidder shall be made net of all applicable Taxes. In the event, Taxes are payable, the Successful Bidder shall gross-up the amount payable and make payment of the aggregate amount.

7.1.6 The Monthly Payment and Annual Payment (as may be applicable) shall be credited in the following ratio to the following entities:

and the balance

25% of the Monthly Payment and Annual Payment (as may be applicable) shall be disbursed to the SPV, being the special purpose vehicle setup for carrying out the Comprehensive Environment Plans for the Mining Impact Zone.
